Purpose of this worksheet: To provide a format water systems can use to track materials for each service line in the distribution system.

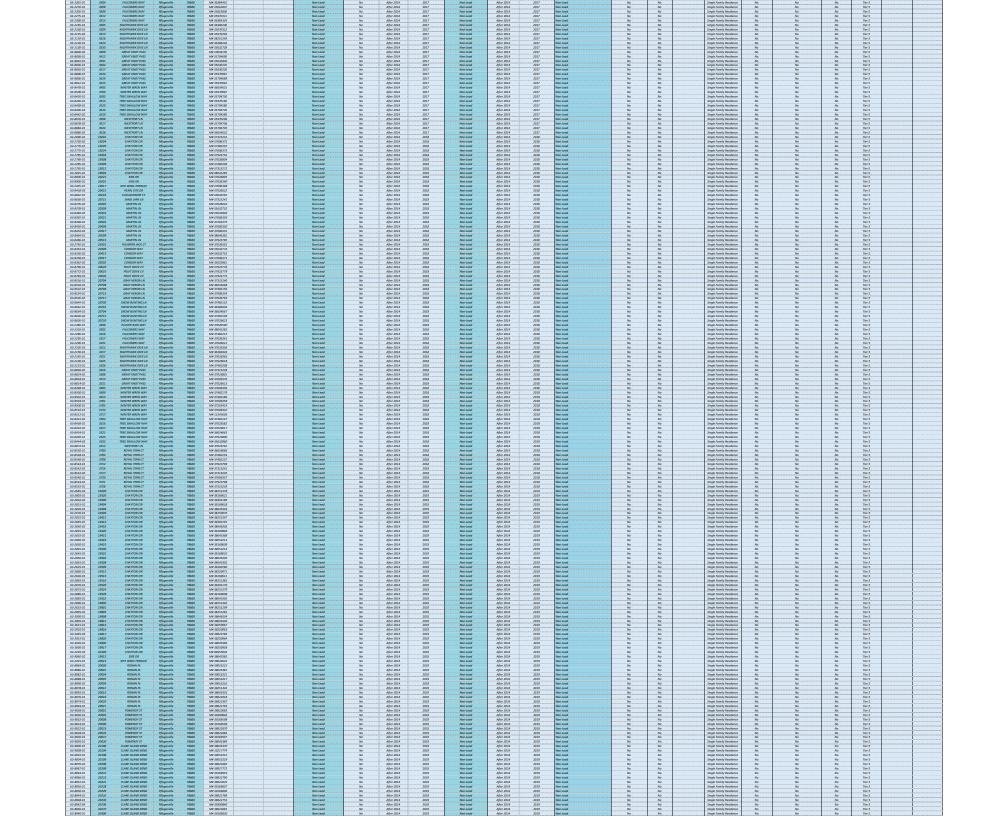

General Instructions: Cosh now in this worksheet represents one service line connecting the water main to the customer's planning. The worksheet includes required and recommended elements; the columns with the aqua shading are required by the LCSR. The worksheet includes examples in rows 12 - 20 and in formatted for approximately 10,000 exteries.
